Meet the Team - Fidele Claudine

Business Lecturer

So my hobbies are travelling, cooking and reading as well as writing books. I also love God and Christ who died for me. I have always campaigned against poverty (Bob Geldof style).

I teach business therefore as I know this can help people build wealth for themselves and others I have been teaching since 2008.

Finally, music is my life: country especially Dolly Parton, Gospel and "Zouk" which is French love music.

JOKE OF THE MONTH

**A sandwich walks into
a bar**

The bartender says:
"Sorry, we don't serve food
here."

FUNNY FACT

So funny that you can't believe it's true!

**People have tried to sue God
before!**

In 1970, a lawyer in Arizona filed a suit
against God (on behalf of his
secretary). The secretary blamed
God for his "negligence" by allowing a
lightning bolt to strike her house.

When God "failed to turn up in court",
the secretary won the case by
default.

PET OF THE MONTH

LOVED BY TASH STOTHARD

'Yuki' is a cross-breed between a Jack
Russell and a Miniature Poodle. She is
often my inspiration for the comics you
see in the newsletters!

BRAIN TEASER

A sundial has the fewest
moving parts of any
